

How To Lower Your Home Heating Costs

Simple Things You Can Do Today!

- Schedule a free NextZero Energy Audit of your house sponsored by Sterling Municipal Light Department (SMLD). Call 1-888-3337525
- Lower thermostats when you are gone and while sleeping (if you heat with oil, gas, or propane)
- Fine tune digital thermostats settings to optimize heat around your family's lifestyle.

- Have a professional install recommended insulation upgrades and blower door Air Sealing
- Renew/install weather stripping around doors and windows.
- Routinely change filters, vacuum vents, and baseboard heaters.
- Install thermal backed curtains that cover windows during nighttime hours.

- Take shorter showers and baths and lower water temperature to do laundry.
- Rotate ceiling fans clockwise to divert heat down from the ceiling.
- Run dishwashers full.
- Wear ugly sweaters 😊
